Emmanuelle,

I just confirmed with IHS HQ that they would be willing to have this conversation.

What are our goals in this discussion? I'll need to send a description with the invite. I was intending to invite Ken and Eric as well as IHS HQ, anyone else?

Hi Sam,

Thanks and sorry for the delayed response.

Yes. That would be great. I need to reconnect with Phoenix again to see where they are at with the 638 process. But would be good to get a read at the national level on timing and if they can manage our funding through an IA.

Thanks!

Emmanuelle

Hi Emmanuelle,

I'm following up on our discussion concerning potential 638 of the HAMP.

My plan had been to set up a meeting with the IHS, including HQ, to discuss. Is this still a need?

Thanks,
